e-Cataloging at its best!

DX-Catalog is an easy-to-use and extensive Auto Parts and Light/Med. Truck Parts Cataloging application that features an Industry-leading Web 2.0 Graphical User Interface that works from all major Internet browsers. It offers a WD customer a choice of catalog databases that vary in price and line coverages according to the WD's business model and customer base(s).

DX-Catalog offers multiple databases with many features including:

- ▶ OE Interchange
- ▶ Aftermarket Interchange
- ▶ Product Images
- ▶ Product Attributes
- ▶ Tech Info & MSDS
- ▶ Buyers Guide
- ▶ Manufacturer Pricing

ShowMeTheParts

DX-Catalog is a "state-of-the-art" POS tool that will significantly increase the productivity and accuracy of your countermen!

Features

- ▶ Includes almost 5 million parts from nearly 1,600 manufacturer applications & images covering passenger cars, light trucks, medium and heavy duty vehicles.
- ▶ Over 2,900 manufacturer lines and growing every month.
- ▶ Thousands of "Smart Pages" available with product images, technical data and specifications.
- ▶ Parts Interchange – OE and Aftermarket.
- ▶ Manufacturer's Pricing
- ▶ OE carry-forward for late model coverages
- ▶ Exhaust Diagrams and Part Images
- ▶ Repair labor rates
