

NEW!

DMS QwikTrack™ DELIVERY-CENTER

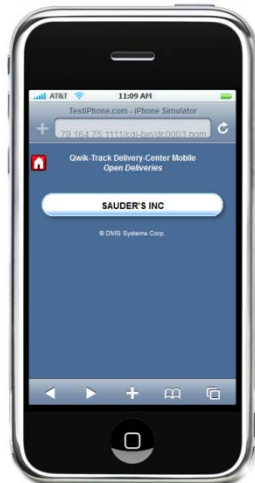

PICK ▶ SHIP ▶ TRACK

that tracks by driver the status of every customer order dispatched from the Warehouse to a Customer.

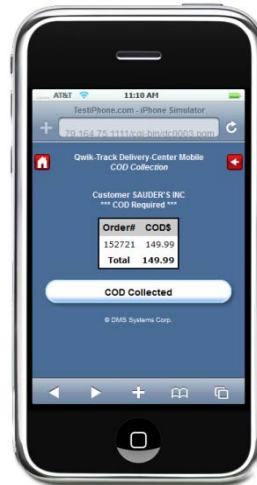

Refreshed constantly by updates from delivery drivers' Smartphones (Apple & Android) or tablets (iPad or Android) in real-time, the receiving customer employee's signature image is instantly transmitted and attached to customer invoices in the **DX Document-Center** application.

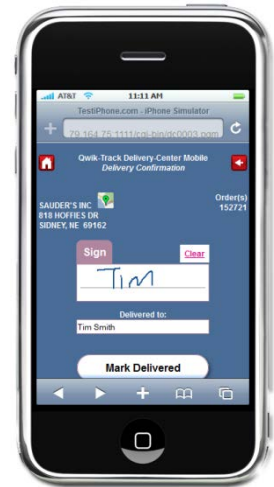

Main Menu

Open Deliveries

C.O.D. Screen showing all Collect Invoices for this customer.

Signature Captured & wirelessly sent to Document-Center.

Eliminates Delivery Paperwork & Document Scanning!

Once the shipment is delivered and signed for, an image of the signature is transmitted in real-time and attached to the customer's invoice for access by employees thru Document-Center and by the customer thru Qwik-Order ecommerce.

Qwik-Track Delivery Center Dashboard for Warehouse Dispatcher

Additional

Qwik-Track™

Features:

- ▶ Warehouse can track their drivers in real-time
- ▶ Customers can track their orders thru B-2-B Qwik-Order link
- ▶ Driver performance & delivery time analytics
- ▶ Customer delivery times & order value analytics

A GPS Tracking & GEO Fencing Portal with extensive driver analytics reporting is an add-on option for this application. As cloud-based services, any authorized user through their DX-Portal can access both Qwik-Track and GPS/GEO applications 24 x 7.

For more information on DMS' Qwik-Track Delivery Center Dashboard and other options, please call:

1-888-985-2500 x 214
